5742 Days, Anniversary Edition Anne-Marie Cockburn

On 20th July 2013 15-year-old Oxford schoolgirl Martha Fernback died suddenly after swallowing half a gram of MDMA powder, more widely known as ecstasy. Within hours her mother, Anne-Marie Cockburn, began to write down her feelings as a way to channel her shock and try to make sense of the tragic loss of her only child.

In this book we join her in real time on her shocking and agonising journey, as she deals with the impractical demands placed upon a grieving single parent, begins to cope with the realities of life on her own and faces up to a future she could never have predicted. This revealing, emotional and, ultimately, uplifting book shows how she used the art of writing, combined with determined self-belief, to guide her during this terrible time. This anniversary edition includes an additional chapter, bringing Anne-Marie's story up to date.
