L'euro (Farsi un'idea) (Italian Edition) Lorenzo Bini Smaghi

320 milioni di cittadini di 16 paesi europei hanno cambiato le loro monete nazionali per una moneta comune, un evento senza precedenti nella storia economica moderna. Oggi un euro vale più di un dollaro: quanti di noi l'avrebbero immaginato dieci anni fa, quando entrò in funzione la nuova moneta unica? E come incide oggi sulla vita dei cittadini? Può aiutare ad affrontare il processo di globalizzazione economica e le turbolenze finanziarie? Nel volume, interamente aggiornato, si spiegano i motivi che hanno indotto i paesi europei a dotarsi di un'unica moneta, le conseguenze che ne derivano per la politica economica e monetaria e per il funzionamento dei mercati, i possibili rischi e le sfide per l'Europa nei prossimi anni, con uno sguardo complessivo agli aspetti economici e politici del processo di integrazione europea.
