Information Resources in Toxicology

Information Resources in Toxicology

Information Resources in Toxicology, Third Edition is a sourcebook for anyone who needs to know where to find toxicology information. It provides an up-to-date selective guide to a large variety of sources-- books, journals, organizations, audiovisuals, internet and electronic sources, and more. For the Third Edition, the editors have selected, organized, and updated the most relevant information available. New information on grants and other funding opportunities, physical hazards, patent literature, and technical reports have also been added.

This comprehensive, time-saving tool is ideal for toxicologists, pharmacologists, drug companies, testing labs, libraries, poison control centers, physicians, legal and regulatory professionals, and chemists.

Key Features

- * Serves as an all-in-one resource for toxicology information
- * New edition includes information on publishers, grants and other funding opportunities, physical hazards, patent literature, and technical reports
- * Updated to include the latest internet and electronic sources, e-mail addresses, etc.
- * Provides valuable data about the new fields that have emerged within toxicological research; namely, the biochemical, cellular, molecular, and genetic aspects
