To celebrate the centenary of the first garden city at Letchworth, the Town and Country Planning Association has performed a service to planners everywhere by initiating the republication in facsimile form of the very scarce original first edition of *To-Morrow*. Accompanied by a running scholarly commentary on the text, and by a newly-written editorial introduction and postscript, jointly written by three leading commentators on Howard's life and work *To-Morrow* will immediately become a compulsory purchase for every serious student and practitioner of planning and for teachers and students of modern social, economic and political history.
