Mark Pittenger

Class Unknown: Undercover Investigations of American Work and Poverty from the Progressive Era to the Present (Culture, Labor, History) Mark Pittenger

Since the Gilded Age, social scientists, middle-class reformers, and writers have left the comforts of their offices to "pass" as steel workers, coal miners, assembly-line laborers, waitresses, hoboes, and other working and poor people in an attempt to gain a fuller and more authentic understanding of the lives of the working class and the poor. In this first, sweeping study of undercover investigations of work and poverty in America, award-winning historian Mark Pittenger examines how intellectuals were shaped by their experiences with the poor, and how despite their sympathy toward working-class people, they unintentionally helped to develop the contemporary concept of a degraded and "other" American underclass. While contributing to our understanding of the history of American social thought, *Class Unknown* offers a new perspective on contemporary debates over how we understand and represent our own society and its class divisions.

Bryant Davidson:

As a scholar exactly feel bored in order to reading. If their teacher questioned them to go to the library or make summary for some guide, they are complained. Just little students that has reading's internal or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see

colorful photos on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Class Unknown: Undercover Investigations of American Work and Poverty from the Progressive Era to the Present (Culture, Labor, History) can make you truly feel more interested to read.
