**Assessment in Health Professions Education** Steven M. Downing, Rachel Yudkowsky

*Assessment in Health Professions Education* provides comprehensive guidance for persons engaged in the teaching and testing of the health professions – medicine, dentistry, nursing, pharmacy and allied fields. Part I of the book provides a user-friendly introduction to assessment fundamentals and their theoretical underpinnings; Part II describes specific assessment methods used in the health professions, with a focus on best practices, assessment challenges, and practical guidelines for the effective implementation of successful assessment programs.

## **Key features:**

- **Comprehensive** – the first text to provide broad, single-source coverage of all aspects of assessment in the health professions.
- **Accessible** – while scholarly and evidence-based, the book is geared towards health professions educators who are not measurement specialists.
- **Thematic** – assessment validity is an organizing theme and provides a conceptual framework throughout the book.
