Crime, Law and Society (Pioneers in Contemporary Criminology) Malcolm M. Feeley

Malcolm Feeley's work is well-known to scholars around the world and has influenced two generations of criminologists and legal scholars. He has written extensively on crime and the legal process and has published numerous articles in law, history, social science and philosophy journals; two of his books, *The Process is the Punishment* and *Court Reform on Trials*, have won awards. This volume brings together many of his better-known articles and essays, as well as some of his lesser-known but nevertheless important contributions, all of which share the common theme of the value of the rule of law, albeit a more sophisticated concept than is commonly embraced. The selections also reveal the full range of his interests and the way in which his research interests have developed.
