The end of the world just might be their perfect beginning...

Glenview, North Carolina. Also known—at least to sixteen-year-old Ava Pegg—as the Land of Incredibly Boring Vacations. What exactly were her parents thinking when they bought a summer home here? Then the cute-but-really-annoying boy next door shows up at her place in a panic...hollering something about flesh-eating zombies attacking the town.

At first, Ava's certain that Cole spent a little too much time with his head in the moonshine barrel. But when someone—or something—rotted and terrifying emerges from behind the woodpile, Ava realizes this is no hooch hallucination. The undead are walking in Glenview, and they are *hungry*. Panicked, Ava and Cole flee into the national forest. No supplies, no weapons. Just two teenagers who don't even like each other fighting for their lives. But that's the funny thing about the Zombpocalypse. You never know when you'll meet your undead end. Or when you'll fall dead over heels for a boy...
