The Boy on the Lake is the inspirational story of how one teenager faced down two bullies: brain cancer and an emotionally abusive father. Born into a family of professional baseball and big macs, his courageous journey leads him from a small town in the mountains of Idaho to the biggest stage of all: the United States Congress where a bill he helped create awaits passage. It is called Trevor's Law. With his mother, he becomes an activist to alert those in government about the epidemic of childhood cancers and cancer clusters that are plaguing every region of our country and how to stop them.
