Designing the Hamptons: Portraits of Interiors

Designing the Hamptons: Portraits of Interiors puts forth a collection of the latest installations by the country's leading interior designers. While talents such as Jonathan Adler, Thom Filicia, and Thomas O'Brien have already become household names through their product lines and television shows, this book will introduce other highly-regarded designers such as Jamie Drake, Joe Nahem, Waldo Fernandez, and a dozen others to an audience interested in the latest trends in interior design. The Hamptons have increasingly become the domain for experimentation in interior design and the styles of décor in this volume run the gamut: more traditional, country aesthetics about the heights of sleek, spare modernity. The result is a stunning assortment with each project representing a designer's signature style.
