**Homo interactivo. Como Internet nos está cambiando (Spanish Edition)** Fernando García Fernández  
A estas alturas casi nadie duda de que Internet y las redes sociales son una auténtica revolución. Su impacto es de tal magnitud que ya podemos hablar del advenimiento de un nuevo ser humano , el homo interactivo . De esto trata este libro: de cómo Internet nos está cambiando y de las consecuencias de este hecho. Cada una de las tecnologías radicales que ha aparecido a lo largo de la historia de la humanidad, gracias a la inteligencia y creatividad del ser humano (el fuego, la rueda, la imprenta, la máquina de vapor...), ha producido modificaciones psicológicas, sociales o culturales de gran importancia. En el caso de Internet, estamos empezando a intuir estos cambios, aunque sus consecuencias a largo plazo son todavía impredecibles. En pocos años muchas de las fronteras que aparecían nítidas (infancia-madurez, trabajo-ocio, real-virtual, público-privado...) se han diluido hasta casi desaparecer. Esto ha permitido que el ser humano desarrolle y potencie algunas capacidades, pero ha disminuido otras de ellas y ha magnificado bastantes riesgos.
