The Hidden Church of the Holy Graal: Extended Annotated Edition Arthur Edward Waite

The reader who would reach to motives and inspirations, who would seek to understand the subtle and secret forces that have moved all history, it would be difficult to name a work of greater interest or value than this. To the rarer reader who has come upon traces of an undying tradition--a Hidden Church or Wisdom--the book will be a very revelation.

The Graal legend, even as it is known to the general reader, woven into the Arthurian epic, is one of rarest beauty and most profound meaning. But when its rich symbolism is revealed in full, the significance of the great quest, in the which pure-minded and self-sacrificing valor is alone successful---the 'magnitude of meaning is made evident. Perhaps no other man living is so well fitted as Mr. Waite to approach this subject. Under the ruder methods of materialistic critics the delicate beauty and subtle meanings would be lost. Our author combines the grasp of scholarship with the sympathetic attitude and the deep-lying knowledge of hidden things.

This is the extended edition including an encyclopedic essay about The Holy Grail.
