Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science)

This book contains the refereed proceedings of the 1st IFIP-TC6 Working Conference on Wireless-On-Demand Network Systems, WONS 2004. It was sponsored by the IFIP Working Groups 6.3 (Performance of Computer and Communication Networks) and 6.8 (Mobile and Wireless Communications), and aimed at becoming a premier international forum for discussions between researchers and practitioners interested in the evolution of Wireless Internet Access toward on-demand networking. Ad hoc, routing, localization, resource management, security, applications, performance and analytical models were topics covered in depth by technical papers in this book. The conference received 77 submissions from 22 countries, showing the worldwide interest. With so many papers to choose from, the Technical Program Committee's job, providing a conference program with the highest quality, was challenging and time consuming. We finally selected 25 full papers for presentation in the conference technical sessions. To give researchers the opportunity to present the novel ideas they are starting to explore, we included in the technical program a poster session devoted to presenting preliminary research results: 7 short papers were selected for presentation in this session. Accepted papers and posters came from 15 different countries. The technical program also included a keynote speech "Ad Hoc Wireless Networks: Protocols and Applications" by Prof. Mario Gerla, and a panel session devoted to the discussion of the conference topics between academics and industry representatives. This event would not have been possible without the enthusiasm and hard work of a number of colleagues. A special thanks to the TPC members, and all the referees, for their invaluable help in reviewing the papers for WONS 2004.

From reader reviews:

Angela Harris:

The book Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) give you a sense of feeling enjoy for your spare time. You need to use to make your capable far more increase. Book can to get your best friend when you getting tension or having big problem along with your subject. If you can make reading a book Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) to be your habit, you can get considerably more advantages, like add your capable, increase your knowledge about a number of or all subjects. You can know everything if you like wide open and read a publication Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science). Kinds of book are several. It means that, science reserve or encyclopedia or other individuals. So , how do you think about this e-book?

Gerald Magee:

The knowledge that you get from Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) is a more deep you digging the information that hide in the words the more you get interested in reading it. It doesn't mean that this book is hard to recognise but Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) giving you enjoyment feeling of reading. The copy writer conveys their point in particular way that can be understood by anyone who read it because the author of this book is well-known enough. That book also makes your own personal vocabulary increase well. That makes it easy to understand then can go along with you, both in printed or e-book style are available. We recommend you for having this particular Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) instantly.

Geneva Orta:

Your reading 6th sense will not betray an individual, why because this Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) publication written by well-known writer whose to say well how to make book which might be understand by anyone who all read the book. Written inside good manner for you, leaking every ideas and creating skill only for eliminate your current hunger then you still skepticism Wireless On-Demand Network Systems: First IFIP TC6 Working Conference, WONS 2004, Madonna di Campiglio, Italy, January 21-23, 2004, Proceedings (Lecture Notes in Computer Science) as good book not just by the cover but also from the content.
