## Chapman Pincher: Dangerous to Know: A Life Chapman Pincher

Harry Chapman Pincher is a legend among journalists. As an investigative reporter, he struck terror into those trying to hide the murky secrets of state.

After early careers as a teacher, a scientist and a soldier, Chapman Pincher joined Lord Beaverbrook's then all-powerful *Daily Express* in the summer of 1945 - and quickly became the master of the journalistic scoop. His first splash, a top-secret account of the development of the atomic bomb, sparked a furious transatlantic row. It was only the start of a career in which his name became synonymous with high-level exclusives from the most secret corners of government.

When he finally retired from journalism, the leaks kept coming, leading to a series of bestselling books on the infiltration of Britain's intelligence services by Moscow, culminating in his allegation that the head of MI5 was in fact a Soviet spy.

In *Dangerous to Know*, Chapman Pincher took pen to paper to describe the extraordinary events he witnessed and the varied characters he encountered. Colourful, indiscreet and compelling, this is the life of a true journalistic colossus and a revealing description of the century he bestrode.
