## **On Environmental Governance: Sustainability, Efficiency, and Equity (On Politics) Oran R Young**

In *On Environmental Governance*, Oran R. Young examines a variety of efforts to meet the challenge of governing human interaction with the environment in the interest of sustainability. At the same time, he considers measures to minimize restrictions on human actors in using their natural resources. Young looks at issues including climate change, biodiversity, deforestation, greenhouse gas emissions, and carbon cycle disruption in exploring impacts from the local to the global. The book draws on general ideas about the nature of governance while exploring new models for governing human-environment relations.
