The book's more than 300 color photographs provide illustrations of the camera's controls and menus, and include examples of the photographs that can be taken using the many creative settings of the camera, including the Film Simulation settings; various menu options such as Dynamic Range, Shadow Tone, and Highlight Tone; the Advanced Filter settings, with effects such as Toy Camera, Dynamic Tone, and Miniature; and the camera's features for continuous shooting, including a special capability for taking multiple exposures of a single scene. In addition, the book provides introductions to topics such as infrared photography, street photography, and astrophotography. The book also includes a full discussion of the video recording abilities of the X100S, which can record high-definition (HD) video with stereo sound.
