Bonnie must make the choice to unleash or destroy an ancient power, but can she unlock her own memories in time to make the right choice?

Bonnie McBurnie remembers the old trunk in her grandmother's attic, full of weird souvenirs collected by her seafaring ancestors. But she didn't recollect the secret compartment or its deck of tarot cards—cards that feel strangely familiar.

Back home, Bonnie studies the mysterious tarot deck. The cards seem to be trying to tell her something—but how can she be sure which ones to believe? And why can't she recall what happened on her last visit to the attic—a childhood memory that hovers just out of reach?

With the help of the town spiritualist, Madame LePanto, Bonnie delves into the origin of the cards and races to discover their connection to her family, even as the powers trapped within them threaten to tear apart her world . . . and the people she loves.

This ebook features an illustrated personal history of Bruce Coville including rare images from the author's collection.
