## ABOUT THE AUTHOR

Born in Morzine in 1948, Anselme Baud left his mark on the Alps skiing steep slopes history. ## EXCERPT

The Vallée Blanche forms the backbone of this area and it can be accessed quickly from the Aiguille du Midi, the starting point for routes on the Géant Glacier, the Tacul and the Périades. Unlike the routes in the previous chapter, most of the tours here can be done in a day and the height gains are not excessive (maximum of 900m). Also, in this part of the Massif there is a broad range of routes, and you will find steep slopes and classic tours next door to each other. For all these reasons, this is a very popular area. There are lots of people on the easy routes by the Aiguilles Marbrées and the Col d'Entrèves, while the Brèche Puiseux area is less popular, but also more and more amateur extreme skiers are trying routes on the Tour Ronde and the big couloirs on the Tacul (Diable, Gervasutti, Jager). However, these figures pale into insignificance compared with the hordes of skiers and boarders who can be found on the world-famous Vallée Blanche from the beginning of the winter right through to the end of May. Indeed, you feel the contrast most strikingly once, with skins on your skis, you start climbing up towards the less accessible routes...
