Memory (Handbook of Perception and Cognition, Second Edition)

Memory (Handbook of Perception and Cognition, Second Edition)

Authored by the foremost researchers in cognitive psychology, the handbook **Memory** is an outstanding reference tool for all cognitive psychologists and interested professionals. **Memory** provides an excellent synopsis of the research and literature in this field, including comprehensive chapters on basic theory. The text discusses storage and access of information in both short-term and long-term memory; how we control, monitor, and enhance memory; individual differences in mnemonic ability; and the processes of retrieval and retention, including eye-witness testimony, and training and instruction.
