# Dictionary of British Education (Woburn Education Series)

*Professor Peter Gordon, Peter Gordon, Professor Denis Lawton, Denis Lawton*

**Dictionary of British Education (Woburn Education Series)** Professor Peter Gordon, Peter Gordon, Professor Denis Lawton, Denis Lawton

This is an up-to-date guide for teachers and parents, administrators, governors, students and others to help them find their way about the increasingly complex world of education. The main section provides a dictionary that is more than a simple set of definitions: many words in education have been put into some kind of historical context to become fully meaningful. The second part gives some important landmarks from the nineteenth century to the present time, and also provides a list of political heads of education since state education was established. The final section is devoted to a list of acronyms and abbreviations, both of which have been the subject of multiple definitions in recent years.
