Lessons in Love (Cambridge Fellows Mysteries, Book 1) Charlie Cochrane

He didn't think he had a heart. Until he lost it.

Cambridge Fellows Mysteries, Book 1

St. Bride's College, Cambridge, England, 1905.

Jonty Stewart is handsome and outgoing, with blood as blue as his eyes. When he takes up a teaching post at the college where he studied, his dynamic style acts as an agent for change within the archaic institution. He also has a catalytic effect on Orlando Coppersmith.

Orlando is a brilliant, introverted mathematician with very little experience of life outside the university walls. He strikes up an alliance with Jonty and soon finds himself heart-deep in feelings he's never experienced. Before long their friendship blossoms into more than either man had hoped.

Then a student is murdered within St. Bride's. Then another...and another. All the victims have one thing in common: a penchant for men. Asked by the police to serve as their eyes and ears within the college, Jonty and Orlando risk exposing a love affair that could make them the killer's next target.

Warning: Contains sensual m/m lovemaking and men in punts.
