Not Without Us: A Brief History of the Forgotten Catholic Doctrine of Predestination During the Semipelagian Controversy Guido Stucco

Contrary to popular assumption, the doctrine of predestination is part of the Catholic Church's teachings. The research in *Not Without Us* aims at showing how saints, bishops, and theologians from Augustine to the Second Council of Orange (529 a.d.) upheld this theology and even defended it. Together with a forthcoming volume, covering the developments in the history of this doctrine from Orange to Thomas Aquinas, author Guido Stucco outlines, in an easily accessible way to nonspecialists, the Catholic Church's comprehensive, pre-Reformation understanding of predestination.
