**Right Wing Justice: The Conservative Campaign to Take Over the Courts (Nation Books)** Herman Schwartz

Right Wing Justice raises the alarm about the creeping conservative campaign to "pack" America's courts with judges more identified with their ideological affiliation than their skill or regard for the Constitution. The consequence is that the rule of law is taking a terrific beating from the Supreme Court. Who can forget the debacle of Election 2000? But the consequences of the campaign go far deeper than that, impinging on the daily lives of ordinary Americans who are at the receiving end of attempts to overturn or erode Supreme Court rulings on abortion, school prayer, civil rights, criminal justice, and economic regulation. As the author shows, the problem does not end at the Supreme Court—it filters down to the lower courts and circuits. Right Wing Justice gives an alarming account of how this has come to pass over the last two decades, how conservative activists hatched this strategy in the 1960s only to see it really come of age during the Reagan revolution and the successive Republican administrations. Combining a scholar's sense of history with the immediacy of eyewitness testimony, Right Wing Justice will come not only as a sobering reading to many concerned Americans—but also as a call to wake-up.
