Würfelt Gott?: Was Physik und Theologie einander zu sagen haben (German Edition) Arnold Benz, Samuel Vollenweider

Sind wir tatsächlich nur "Zigeuner am Rand des Weltalls", die sich einem absurden Zufall verdanken, oder sind wir die Wesen, in denen der Kosmos, Gottes Schöpfung, zu sich selber kommt? Die beiden Autoren - ein Theologe und ein Physiker - halten uns keine langatmigen Vorträge, sondern nehmen uns mit auf eine Reise durchs All! Verpackt in eine spannende Science-Fiction-Erzählung, werden wir auf unterhaltsame Weise mit Urknall, Quantentheorie, Paralleluniversen usw. vertraut gemacht und in ein Gespräch über unseren Kosmos - und damit letztlich über uns selbst - verwickelt. Physik und Theologie haben einander eine Menge zu sagen!
