Explaining America: The Federalist

Garry Wills

Explaining America: The Federalist Garry Wills

Now with a new introduction--award-winning historian Garry Wills's definitive analysis of the Federalist Papers

In 1787 and 1788, **Alexander Hamilton** and **James Madison** published what remains perhaps the greatest example of political journalism in the English language--the **Federalist Papers**. Written to urge ratification of the Constitution, the eighty-five essays--trenchant in thought and graceful in expression--defended the Constitution not merely as a theoretical statement but as a practical instrument of rule. Now updated with a new introduction, **Garry Wills's** classic study subjects these essays to rigorous analysis, illuminating, as only he can, their significance in the development of the philosophy on which our government is based.
