*Local and Regional Flaps in Head & Neck Reconstruction: A Practical Approach* provides comprehensive, step-by-step instruction for flap raising and inseting for the head and neck region. Ideal for oral and maxillofacial surgeons, facial plastic surgeons, and head and neck surgeons, the book serves as a useful guide to planning reconstructive cases and an easily accessible reference prior to operation.

*Local and Regional Flaps in Head & Neck Reconstruction* is logically organized into 24 chapters, each focusing on a local or regional flap, or a special site reconstruction. Chapters focused on a particular flap will begin with a detailed description of the relevant anatomy and discuss potential applications of the flap before moving into a detailed step-by-step description of how to elevated and transfer the flap to the defect site. Potential complications will also be addressed.

Well-illustrated with more than 800 clinical photographs and with a website featuring surgical procedures, this book is an ideal reference for those new to practice and experts alike.
