Project GITMO: Resolution (Volume 2) Daniel J Rich PhD

Aaron and his team are no longer being hunted by their own countrymen, but their reprieve came with a catch. They must destroy the Russian vampire program before the next president takes office. If they succeed their past transgressions will be forgiven and they will be able to leave government service. If they fail then their fate will be in the hands of the next Commander-in-Chief. Ending the Russian program may be the least of their worries. Double dealing, disease, and a return to combat operations puts the team in more danger than they've ever faced. Will their enhanced abilities be enough to overcome the challenges they face, or will vampires go extinct for a second time?
